Strategic Career Advisory Program

Summary - Our program provides you with a personalized road map that will quickly and efficiently help you reach your short- and long-term career goals.

CONTENT OVERVIEW

Ready — You will learn to structure a search plan that gets results.

Subject matter:

- Understanding the fundamentals of a successful search
- Assessing your core skills and strengths
- Defining your goals and expectations
- Building a search plan that works
- Leveraging your experience to create market value
- Designing a resume that gets results
- Building your unique story
- Changing fields and the best approaches

Aim — Gain control over your search by uncovering more quality job openings through non-traditional methods.

Subject matter:

- Uncovering 100 potential hiring companies through “*our unique system*”
- Taking a much more proactive role in your search
- Finding the “right person” to approach
- Learning communication methods that increase your response rate by 10x
- Discovering jobs at companies that are not hiring
- Keeping yourself from getting lost in the “process”
- Using a tracking system that simplifies your entire search
- Avoiding typical time-wasting job search practices

Strategic Career Advisory Program (Continued)

Hired — Learning how to be an expert at interviewing will have a greater impact on your career than all other variables combined.

Subject matter:

- Learning the most advanced interview techniques
- Mapping your skills to any opening
- Differentiating yourself from all other candidates
- Building the confidence to take control of any interview
- Handling the toughest questions with ease
- Winning jobs you may not be qualified for
- Cultivating more offers
- Negotiating the best compensation package
- Understanding how each potential job can impact your future
- Getting the most out of your coach

INVESTMENT COST

The cost for our Strategic Career Workshop will depend more on your goals than ours. Please contact us for more details.
